

## COUPLER FIBER (CF)

VSS200-CF

### Applications

- Optical couplers
- Splitters
- WDMs
- Tap couplers
- Optical add/drop filters
- Fiber pigtails
- EDFAs

### Features

- Exhibits lower excess loss
- High numerical aperture design for low bend loss
- Fully qualified to Telcordia GR-20

### Fiber Properties

- Cutoff Wavelength:  $\leq 960$  nm
- Numerical Aperture (NA): 0.20, 0.16 or 0.13
- Clad Diameter: 125  $\mu\text{m}$  and 80  $\mu\text{m}$
- Proof test Level: 200 kpsi

## PERFORMANCE
