

Quality Policy

Our mission is to design, manufacture, test, and market optical fiber and related products that meet or exceed customer requirements.

We are committed to:

- Following an effective and compliant Quality Management System.
- Delivering superior customer service at all levels.
- Developing products and innovations that address changing market and customer needs.
- Optimizing and continually improving our business and processes.

Abdel Soufiane
General Manager & CTO

A handwritten signature in blue ink, appearing to read 'A. Soufiane', written over a horizontal line.
