

Category 6_A Shielded Patch Cords

AFL Category 6_A patch and workstation cords guarantee 6_A performance and offer superior mitigation of alien crosstalk. These cords have improved external noise immunity and EMI suppression through shielded cable and plug design.

Combined with AFL cable and outlets, these cords assist in creating a complete 10 Gigabit throughput system that can be relied upon for years to come.

Features

- Guaranteed 10GBase-T performance compliant
- Backward compatible with Category 3, 5, 5e and 6
- Superior PSANEXT performance suitable for mitigation of alien crosstalk in existing installs
- Superior PSAACR-F performance
- Superior EMI suppression
- UL listed

Applications

- 10GBase-T Ethernet
- 1000Base-T Gigabit Ethernet
- 100Base-TX Fast Ethernet
- 10Base-T Ethernet
- Broadband Video
- 155 / 622 Mbps ATM
- 100 Mbps TP-PMD
- 4 / 16 Mbps Token Ring
- Voice

Standards

- AS/NZS 11801.1:2019
- ANSI/TIA 568.2-D
- ACMA Compliance
