Applications
Engineering Note
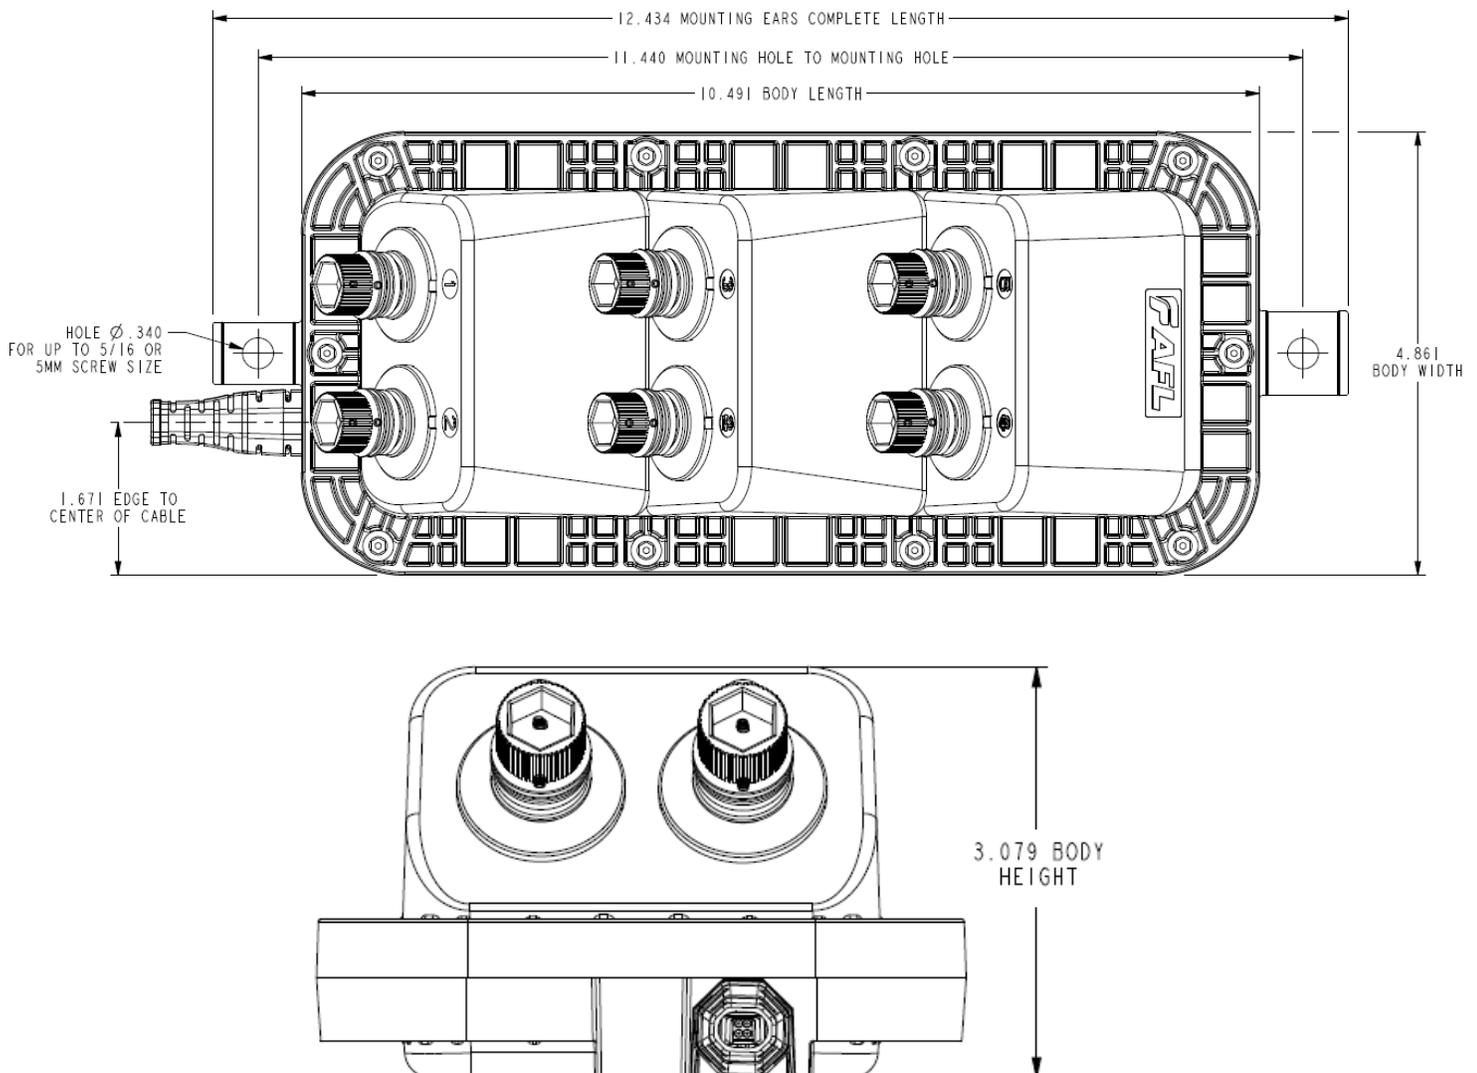

AFL TITAN RTD® FTTx System
Mounting Template

Issue Date: 03 October 2016

The AFL TITAN RTD® FTTx System may be mounted using a variety of techniques depending on the application requirements. This applications note provides the bolt hole mounting pattern and terminal dimensions for both sizes of the multiport terminal offered by AFL.

Located in the attachment section of this document are the 1:1 scale templates that may be printed for both terminal sizes. Before printing ensure that the print settings are set for a 100% scale.

Note: All units are indicated by inches.

<u>4 & 6 port AFL TITAN RTD Multiport Terminal</u>

8 & 12 port AFL TITAN RTD Multiport Terminal
